## Good Tyres are based on Professional Design

### “Four Seasons” Design

Special pattern design and ingredient can meet different roads demands, offering longer mileage and saving more cost.

### “3D-SIPE” Design

Unique 3D sipe design, the concave and convex sipes provide the blocks extra bite during running, to enhance stability of the whole tread.

### “Mixed SIPES” Design

3D Sipe and common sipe layout in order can be used in different road situations

3D sipe can be used on ice and snow road

Common sipe can be used on mixed roads

## About NEOTERRA

### NEOTERRA

means a new land; the land is full of dream and wonder.

NT (for short) Series also represents the New Technology.

NT , a new surprise, just like Columbus discovering the New World.

May the NeoTerra  
be with you on your ways  
**Thanks**
